MISSIONARY RALLY FULL OF INSPIRATION

Able Addresses by Missionaries And
Others, Banquet And Stereopticon
Views Make Up Fine Program.

The Foreign Missionary Rally at the First Christian church Wednesday was full of inspiration and helpfulness to all who attended.

Rev. E. M. Allen, one of the secretaries of "The Foreign Christian Missionary Society" was the leader. He was assisted by Rev. Mr. Shaw, a missionary from China, and Rev. Mr. Hedges, a missionary from the Congo-Africa.

The rally began at 10:30 with a delightful devotional address by Mr. Allen, followed by a strong address by Mr. Shaw, on conditions leading up to the present revolution in China, and the part taken by the missionaries which led to these conditions. This was really a great address and should have been heard by all the people. Mr. Hedges told the wonderful story of Africa's redemption "The largest Sunday School in the world, is at Boleuge, Africa. Less than twenty years ago most of the present teachers were naked savages, some of them cannibals."

The afternoon session began at 2 o'clock. Mr. Shaw continued his story of missionary achievement in China, and Mr. Hedges, the thrilling recital of the sufferings and sacrifices the native Christians endured as

they went out as evangelists for the conversion of other tribes.

"Every nine members support the tenth as an evangelist," Mr. Allen gave a strong address on "Missionary Methods in the Bible Schools."

At 6:15 the church gave a delightful banquet to the men of the church. The ministers of the city were invited as guests. After the banquet a really great address, one of the strongest ever given in this city, was delivered by Mr. Allen. At 7:30 the closing service was held. Stereopticon views of the mission stations, and moving pictures of actual scenes of the mission field were thrown on the canvas and commented on by the missionaries.

The audiences during the day were not as large as they should have been. Those who remained away missed a great treat. The people of Winchester who are interested in great world-movement would have been delighted with the addresses of Wednesday.

AN APPEAL FOR THE POOR

"A Director" of the Associated
Charities Tells of Pitiful Cases of
Destitution And Makes Plea For
Aid.

To sit by our cozy fires and enjoy the conveniences of our comfortable homes, during this extreme weather, one must be very short of gratitude not to wonder how the needy of our town are faring.

I wish the thoughtless ones might have been present at the Tuesday afternoon meeting and heard of some of the wretched conditions, right at your door. I am sure it would quicken the heart and loosen the purse strings.

Miss Peddicord reported a case of dire destitution that she visited only Tuesday morning. When the thermometer registered zero, she found a miserable home in "Hungry Hollow" where were four little motherless children, barefooted, for clothing only little calico dresses; these four little beings huddled about a scanty fire; the father unable to find work for the past two weeks.

We have but to bring these pictures home to our own fire side, where in our imagination we may better understand "Am I my Brother's Keeper?"

The Associated Charities is one of the greatest institutions of Winchester. When you give through them you know, only the worthy receive the benefits. The weather is never too cold or the snow too deep to keep our valuing Secretary, Miss Peddicord, from making a thorough investigation of the conditions before giving assistance.

The managers of "The Lyceum," Messrs. Moss and Phillips, have kindly offered to donate to the Associated Charities half of their proceeds Friday afternoon and evening, February 9. Good moving pictures are promised. Come and the Associated Charities will appreciate your presence, your 10 cents, and you will be helping a very worthy cause.

A DIRECTOR.

SUCCESSOR TO JUSTICE HARLAN

President Taft is Expected to Send
Names of Charles Nagel to Senate
In a Few Days.

Washington, Feb. 8.—The existing vacancy on the Supreme Court bench probably will be filled by the appointment of Secretary of Commerce and Labor Charles Nagel, of St. Louis.

President Taft is expected to send the nomination of Mr. Nagel to the Senate within a few days. United States Judge William C. Hook, of Kansas, who until Tuesday night was most prominently mentioned for the vacancy, is said to have been eliminated from further consideration at an hour's session of the cabinet Wednesday.

All of the lawyers in the cabinet, except Mr. Nagel, were present and afterward it was learned that the President had made clear his intention of appointing his Secretary of Commerce and Labor.

This report was so generally credited Wednesday night that rumor was busy with a possible successor to Mr. Nagel in the cabinet. Louis Marshall of New York, and Oscar Rosenwald, of Chicago, were mentioned among those who would be considered by President Taft.

Judge Hook's name was scratched from the President's list Wednesday, almost at the eleventh hour. This ac-

tion was said to be due to his concurrence in a "Jim Crow" law decision in an Oklahoma railroad case. Both the President and Attorney General Wickesham are understood to hold the opinion that Judge Hook "went too far" in this case.

CINCINNATI'S BIG AUTOMOBILE SHOW

Will Begin in Two More Weeks, The
Initial Night Being Set For February 19.

Only two brief more weeks and Cincinnati's Automobile Show throws open its doors—the initial night being set for Monday, February 19. A whole army of decorators has been crowded into Music Hall, which bids fair to blossom as the rose when the work of embellishment is complete. The numerous beautiful specimens of motor cars intended for display are arriving in Cincinnati, and very shortly will be placed in position, the committee-in-charge being determined that the exhibit shall be as nearly perfect as possible on the opening date.

The week just past has recorded consummation of a plan that will be particularly welcome to the great throng of outside visitors who are promising their attendance.

This aims at nothing less than a comprehensive and accurate display of maps, drawings and other visible devices, calculated to place on view the great work being accomplished in Ohio, Kentucky, West Virginia and Indiana in the way of securing better roads and public highways for benefit of the suburban communities.

Invitation was sent by the Automobile Dealers' Association to the governors of the Cincinnati Automobile Club, asking them to occupy a special booth at the show, in any manner they saw fit. The club responded enthusiastically by accepting, then set out to carry into effect the scheme above outlined.

The Automobile Club is the third largest similar organization in the United States, consisting of nearly 1,500 members, and has made itself of considerable force and power in motor circles of the state and nation. It has been responsible for the placing of road signs in Hamilton county to the value of \$3,000; and is paramourly concerned over the matter of good roads for the whole middle west, believing that the farmer element, as well as that of the city, will profit incalculably thereby.

The club intends arranging a cozy booth at the Cincinnati Auto Show, where it will present examples of its work in sign placing together with profile drawings of roads, as they are being planned for this territory. It will have a special representative present always to welcome the visitor coming to the Queen City from sections outside.

EVIDENCE IN PEONAGE CASE

Will Probably Be Closed on Thursday.—Big Court Room is Packed With Spectators.

London, Ky., Feb. 7.—By Thursday at time for adjournment all the evidence in the trial of the men charged with peonage in the United States District Court will probably be before the jury. Ever since the trial began the big court room has been packed with spectators. Just before the noon adjournment Wednesday, District Attorney Edwin P. Morrow announced that the Government had closed its evidence in chief. This was a surprise as there were a large number of Government witnesses present who had not been introduced. Several of those, however, may be introduced later in rebuttal.

After a long conference of the attorneys for the defendants a motion was entered for peremptory instructions upon the showing of the Government. This motion Judge Cochran overruled as to four of the defendants, but sustained as to Dr. Pittney Phillips, Charles Gardner and Ed. Smith, who were discharged by the court.

The other three defendants were introduced and all denied that the negroes were whipped or held because of alleged debts due the contractor, but assigned various reasons for whipping and returning them. Their theory was that those who were brought back on leaving were returned to answer some misdemeanor charges and that those who were whipped received their punishment for violations of the contractors' rules and misconduct of one kind or another.

Judge Cochran has permitted no delays or quibbling, but has pushed the trial as rapidly as possible.

Flowers in Ceremonies.
When the swarthy Spaniards captured Mexico, they found in the lake which almost surrounded the capital city many floating gardens, the fragrant temples. In Greece and Rome flowers were made into huge triumphal arches, and a special feast of flowers, known as the Flora, was established in their honor.
